

Portable Operations Package

Create your own Command Center

Coming Q2 | 2014

[POP]

[Create your own Command Center]

| **[POP]** is an all-in-one deployment of radio equipment for rapid on-site interoperability. It allows communication between radio systems, and is available to be customized by radio brand, band, and accessory packages.

| A microphone creates a point of dispatch that can be placed on any or all talk groups. The center console features time stamped audio recording, eliminating the need to transcribe radio traffic.

| Public Safety, Search and Rescue, Private Business, Schools, Civil Air Patrol, and Rescue Squads.

| Our website walks you through the steps to create your own portable operations package.

Features

- **Time Stamped Audio Recording**
- **USB Ports for Charging Other Devices**
- **DC Power Display & Warnings**
- **Rugged Pelican™ Case Construction**
- **Bright LED's Display Color Coded Grouping**

Technical Specifications

Physical

Size 24.25"H x 19.43"W x 8.68"D
Weight 48lbs (with shown configuration)

Environmental

Operating Temp -30° to 60°C
Relative Humidity 95% (Non-condensing)

Electrical

Operational Voltage 11-15V DC
Maximum DC Current 50A
Reverse DC Polarity Protection YES
Over-Voltage protection YES
