MICRO SYSTEMS

TrAVL PRO
[Web-Based GPS/AVL Application]

TrAVL PRO provides MOTOTRBO™ and PassPort NTS® system operators with an intuitive set of interactive fleet and fixed asset management tools.

Dispatch fleets to known locations and monitor their location. Street by street accountability for your vehicles on the road using telemetry, geofencing, speed limits, and alarms.

Schedule weekly, monthly, or daily reports for your convenience. Intuitive and easy to use by anyone in your office. Email scheduled reports in PDF or CSV formats.

Track your fleet from anywhere in the world that an Internet connection is available.

Features

- **Unit Texting**
- **Multiple Geofences**
- **Speed Limit Management**
- **Individual Unit Tracking**
- **Landmark & Location**
- **Available for iPad in the App Store***
- **Fleet & Unit Reports**
- **Alert Email Notifications**
